

DUSCHBAD

Pleasantly, refreshingly clean

With effective, cleaning substances made of olive oil, sunflower oil and moisturising betaine and glycerine, RyZoom shower gel provides the perfect balance between deep cleaning and gentle care. The skin is nourished with aloe vera, keeping it smooth, soft and silky.

RyBeauty Shower and Bath gently cleans the skin with natural sugar tensides, provides moisture and strengthens the protective layer of the body's own epidermis.

Thanks to its natural ingredients, RyBeauty Shower and Bath is amazingly kind to skin. A natural Shower and Bath product for the whole family, even suitable for babies!

Active ingredients:

Betaine: extracted from sugar beet molasses. It provides moisture and soothes the skin.

Organic aloe vera: is moisturising and soothes weathered, irritated skin.

Glycerine: provides moisture and smooths the skin

Organic olive oil: supports skin regeneration, makes the skin smooth and silky. Supports the formation of the skin's hydrolipid layer.

Sunflower oil: supports skin regeneration, makes the skin smooth and silky. Supports the formation of the skin's hydrolipid layer.

Tocopherol (Vitamin E): reduces inflammation, promotes wound healing

Plankton extract

A special feature of the RyBeauty Cosmetics Range is the plankton extract which is taken from **marine plankton**. The following effects have been proven in studies: It improves the skin's physical barrier, its chemical barrier and supports rapid regeneration of the skin's hydrolipid layer.

Ingredients from the sea - for healthy skin!

The **five pillars** of RyBeauty Cosmetics

1. **Care and repair:** The ingredients of aloe vera and vitamin E ensure a gentle treatment and provide the body with the substances it requires for its own regeneration processes.
2. **Protection:** Olive oil, sunflower oil and, in particular, plankton extract strengthen the skin's protective layer.
3. **Anti-ageing:** The moisturising ingredients help to produce smoother skin.
4. **Natural cosmetics:** With the "Nature" seal, we confirm that our products meet 100 % of the requirements for natural cosmetics.
5. **Hypoallergenic:** Only well-tolerated substances are used in the products. The products have been dermatologically tested.

As with **all RyBeauty Products** our Shower and Bath is

- free from petrochemicals and mineral oils
- free from paraffin
- free from silicon oils
- free from petrochemical substances
- free from synthetic fragrances

DUSCHBAD

Pleasantly, refreshingly clean

- free from sodium-laureth-sulphates and sodium-lauryl-sulphates
- Natural cosmetics given the Natrue seal of approval
- Dermatologically tested on skin
- free from allergens
